

SUBMISSION ON THE PROPOSED REGIONAL LAND AND WATER PLAN

UNDER CLAUSE 6 OF THE FIRST SCHEDULE TO THE RESOURCE MANAGEMENT ACT 1991

Please note that submissions are required to be received by the West Coast Regional Council no later than 5.00 pm, Friday 15 October 2010.

To: Chief Executive Officer
West Coast Regional Council
PO Box 66
GREYMOUTH 8470
Ph (03) 768 0466
Fax (03) 768 7133 or scan and email to info@wrcr.govt.nz

Submission On: Proposed Regional Land and Water Plan

Name: [Full Name] Inchbonnie Farms Ltd

Address: [Full Postal Address] 91 Greg + Renee Rooney
3012 Kumara Inchbonnie Road
Inchbonnie, RD1,
Kumara Westland 7875

1. The specific provisions of the Proposed Plan that my submission relates to are as follows:
Lake Brunner Catchment Rules:

- *Rule 72 > Fertiliser
- *Rule 73 >
- *Rule 9 Resource Consents

2. My submission is that: [State in summary the nature of your submission. Clearly indicate whether you support or oppose the specific provisions or wish to have amendments made, giving reasons.]

- We are opposed to the restrictions on fertilizer type you are proposing. This will have a negative impact on our farming livelihood and practice.
- We also believe we should not be penalised for living in an area where extra resource consents are required, at our cost, when neighbouring catchments will not need them for the same practice.
- To the West Coast Regional Council and Government →

[Please turn over]

RECEIVED
 15 OCT 2010
 THE WEST COAST
 REGIONAL COUNCIL

prepared to financially intervene to assist individual farm owners of any financial hardship some of these rules may impose?

- We feel very strongly about best practice farming methods and looking after our local environment. Since purchasing the property over ten years ago, we have spent thousands \$ on new bridges, culverts, fencing, water ways, riparian strips, etc. we are doing our bit, we should be commended by public for a few years.

3. I seek the following decision from the West Coast Regional Council [give precise details].

→ The council to remove the fertiliser rule that we can only use ^{capital} fertiliser less than 10% soluble. Instead ^{we should} be able to use appropriate fertiliser when developing land to get maximum benefits, in line with using regular soil testing, nutrient budgets and dairy farming best practice methods.

→ To remove any additional resource consent "costs" that will be associated with the new rules in this plan.

4. I do ~~not~~ wish to be heard in support of my submission [delete one].

5. If others make a similar submission I would ~~not~~ be prepared to consider presenting a joint case with them at any hearing [delete one].
