Westcoast Regional Council  
PO Box 66  
Greymouth

The Chief Executive Officer

I wish to make a Submission on the Proposed Regional Land and Water Plan for the West Coast.

Reason that the Environment Court has not ruled on what Significant means on Wetlands.

Honorable Nick Smith has not given direction to Regional or Local Councils how to make decisions about protection of Biodiversity.

Objection to the Totara Lagoon being put into Schedule 1 in the Regional Land Water Plan

Yours faithfully
