My/our submission is that: I Support the proposed dam,  
(state in summary the nature of your submission. Clearly indicate whether you support or oppose  
but I am worried about the erosion of  
the specific proposal, or wish to have amendments made, giving reasons)  
the beaches to the north of the Makihinau river  
to old Man rock. These beaches have been used  
as walking tracks for the last 100 years and  
are still used. Also drift wood will be  
stopped by the dam, the locals rely on this  
for heating and for some a source of income

I/we seek the following decision from the Local Authority: To address

the issue that fairly and act appropitly.

1 Beach erosion, the dam will cause the

beaches to the north of the Mokihiani river, I would

like to see meridian to maintain these stock

tracks to the north of the Mokihiani to

the old man rock. 2 to return all wood

that is trapped in the log boom to below

the dam so that the locals can still have wood

I/we make my/our submission concerning **all** the consent applications listed below

My/our submission **only** concerns the consent applications ticked below

I/we **wish to be heard** in support of my/our submission.
