I/we support the application numbers ticked on the back of this form  (tick one)

I/we oppose the application numbers ticked on the back of this form

The reasons for my/our submission are as follows (further information attached (tick for yes) )  
 [State in summary the nature of your submission, giving reasons]

As a concerned citizen of our global village I oppose all this so-called greening of our infinite economic growth "culture". Lots of species are getting extinct (becoming) through our push for this continued crazy growth. We have to remember that without all those species we are/will be extinct sooner rather than later.

I/we wish the consent authority to make the following decision [Give details, including the nature of any conditions]

Stop all this nonsense. Even New Zealand being so remote as it is, is not safe. We are all part of this global village. This village goes down we go down. There are limits to growth, we better get used to living within these limits. We have to restore the earth, not continue plundering, raping her.
