I/we oppose the application numbers ticked on the back of this form

The reasons for my/our submission are as follows (*further information attached (tick for yes)*
[State in summary the nature of your submission, giving reasons]
For security of supply to the West Coast of the South Island, I have been endeavouring since 1962 when an organisation in which I was involved had Government approval to construct a hydro station in the Lower Buller Gorge, to see a suitable hydro scheme established in the Buller district. From that time onwards, with 24 years on the board of a power supply authority, including 11 years as Chairman, I have spent a tremendous amount of time assisting in investigations into the possibility of a suitable scheme being constructed in the Buller District.

I/we wish the consent authority to make the following decision [Give details, including the nature of any conditions]
Approval of the scheme, subject to suitable recognition of the large reduction in line losses that this scheme offers as compared with the current position, with respect to suitable retail tariffs.
