My/our submission is that: (state in summary the nature of your submission. Clearly indicate whether you support or oppose the specific proposal, or wish to have amendments made, giving reasons)

On balance most of the West Coast can now expect that there is more regular wave erosion (wave climate) happening. These residential and commercial properties are vulnerable. I support the seawall extension, it will protect these properties, and I know this, as I live by the beach and see the existing Hokitika seawall protecting properties on a daily basis.

I/we seek the following decision from the Local Authority:(give precise details)

I support the Beca wall cross section design and its location alignment as described in the Beca report and marked out by the orange and green pegs. I support the WCRC in seeking resource consent to extend the existing Hokitika seawall, from Stafford Street to Richards Drive Hokitika
