Westport

Dear Rebecca,

At our July meeting Dick Marsh our President/Chairperson presented the plans for the Hydro scheme to the executive committee. There was a general discussion on your massive project and in the end it was decided that we accept the proposal Hydro Station subject to negotiations.

I hope that you will keep us informed as to your intentions and work together with ongoing discussions to easment rights and possibly leasing of the land between the Lyric Theatre and Sandi Chorlee's back packer.

Yours sincerley

*A. J. Graham*  
Secretary
