Dear Ratepayer

Nelson Creek Rating District

Please find attached the financial statement and works report for the Nelson Creek Rating District.

Council has decided that if there is nothing substantial to discuss at a rating district meeting, the option should be given to the members to not hold a meeting that year, in order to save on costs (staff time, mileage etc.).

On the basis that there is little to discuss, in terms of works needed or financial matters, I suggest no meeting be held this year. If you wish Council to hold a meeting please contact your Rating District spokesman George Hill. Alternatively if you have any questions about the attached reports please contact Paulette Birchfield on 03 768 0466 ext 265.

Yours faithfully

Randal Beal
Operations Manager
