

WEST COAST
REGIONAL COUNCIL

03 June 2025

Westport community representative appointed

West Coast regional councillors approved the appointment of a community representative on the Westport Rating District Joint Committee today.

The representative will be Pat Bradley.

Chair Peter Haddock says the role is vital to the work of the committee.

“It ensures the community's needs and concerns are effectively communicated and addressed in regional flood protection strategies.”

The appointment was necessary due to the resignation of previous representative Dan Maloney which left only one community representative in place.
