## Important information – please read carefully

Unless it expressly provides otherwise, a Resource Consent may be transferred to another person or party if they will be operating the same activity at the same location. That transfer can involve the whole or part of a Resource Consent, and if it is a water or discharge permit, may be temporary or permanent.

**Please note, this form is not for the transfer of location of a resource consent.**

A Resource Consent is a legal document. This means that written authorisation from all relevant parties is required before it can be transferred. This form enables the transfer process, and must be completed and signed by **both** the current and the new Consent Holder.

If you need any further help, please phone the Consents team on **(03) 768 0466 or 0508 800 118**.
